# **ALLLM Strengthening Ministry Coaching Cohort Program**

This program was made possible by a grant from the Foundation of Christian Leadership Program through Leadership Education at Duke Divinity School. It will include **two virtual cohorts led by trained coaches**, each intended to foster the development of early and mid-career leaders who provide post-degree theological education and formation for clergy and other church leaders.

These cohorts will be comprised of up to 10 persons each plus facilitator and will meet for five ninety minutes sessions. Each participant will receive a complimentary 2023 membership in ALLLM and a copy of *A Lifelong Call to Learn: Continuing Education for Religious Leaders* (eds: Robert E. Reber and D. Bruce Roberts), founding members of the organization.

The **Early Career Cohort** (<4 years) will be coached by the **Rev. Jihyun Oh**. It will meet on **Wednesdays**: September 28, November 2, December 7, January 11, & February 15, **from 1:00 PM – 2:30 PM ET**. The **Mid Career Cohort** (>4 yrs. ) will be coached by the **Rev. Dr. Barbara Ann Wilson**. This cohort will meet on **Thursdays**: September 15, October 20, November 17, February 16, & March 16, **from 4:00 – 5:30 PM ET**.

Each cohort member will identify at least one goal and develop strategies to achieve it. As colleagues and peers, they will build a network of others who share mutual interests in their shared work. These coaching cohorts are not the same as a seminar or class. In coaching, the assumption is that the expertise lies within the coachee, not the coach. The role of the coach is to create new awareness and facilitate growth by listening, asking powerful questions and drawing out new insights.

Coaching is always future-oriented and action-oriented, focused on moving forward. In coaching, the goal is the autonomy and empowerment of the coachees. They are responsible for taking the steps they identify for moving forward.
